

Premium Natural High-Gloss Coatings for Apples & Citrus

Akorn Natural™ Brilliance is a line of **premium, plant-based high-gloss coatings** developed specifically for apples and citrus. Formulated entirely with **vegan, plant-derived ingredients**, they meet the growing global demand for **natural, sustainable, and animal-free solutions** - making them ideal for both **domestic and export markets**.

These innovative coatings deliver **exceptional shine even in high-humidity environments**, while providing effective dehydration control from the packinghouse to the point of sale.

Brilliance is designed to work seamlessly with standard waxing and drying systems and complies with all global regulations for edible coatings.

KEY FEATURES

- Superior, long-lasting shine—even in high-humidity environments
- 100% natural, plant-based, and vegan formulation
- Free from shellac, waxes, morpholine, and ammonia
- Compatible with standard waxing and drying tunnel equipment
- Ideal carrier for Akorn Natural™ Guard, our all-natural additive for fungal protection

WE HELP YOU GROW YOUR BUSINESS

Akorn Natural™ Brilliance gives your fruit—and your bottom line—a boost:

- ✓ Delivers premium shine that attracts buyers and commands top-tier pricing
- ✓ Supports clean labeling to meet consumer and retailer demand for natural products
- ✓ Reduces dehydration and weight loss, improving shelf appeal and reducing shrink
- ✓ Streamlines operations with plug-and-play compatibility on existing equipment
- ✓ Enhances sustainability with petroleum-free, cruelty-free ingredients
